CPA Trust Campaign - By the AICPA and CIMA

The CPA Trust Campaign is a profession-wide initiative designed to reinforce CPAs as trusted experts and increase public awareness of the value and breadth of CPA services. You may have seen some of their campaigns in May on social media.

CPAs are invited to upload photos to the digital mosaic to help showcase the trust, expertise and impact of the profession.

[Share your photo to the mosaic. Help show others what Trust in Action looks like.](#)

Member Benefit Spotlight: Advocacy

Advocacy is a benefit that is uniquely provided by TXCPA. With one united voice we protect the profession you've worked so hard to be a part of. Our dedicated volunteers help shape Texas laws and regulations that impact your clients, your companies and your communities, as well as national rules issued by the IRS, FASB, GASB and AICPA.

Our membership reflects the broad diversity of TXCPA: CPAs in public practice, business and industry, corporate finance, government, education, young professionals, long-time leaders and members of all political viewpoints. The PAC is **nonpartisan** and registered with the Texas Ethics Commission.

A contribution to [TXCPA PAC](#) is one of the **fastest, simplest and most effective** ways to influence legislation that affects our profession. You don't have to be involved in politics—you just need to care about the future of the CPA license.
